Emirates Hospital

An **Emirates Healthcare** Company

Paediatrics Department

Through its vast medical services, expert staff, progressive medical technology and country-wide network facilities, Emirates Hospital, an Emirates Healthcare Company, aims to provide a consistent, cultivating world of health, catering to the real-time medical needs of patients, in a cost-effective way.

Health starts at birth. This is the main principle of the Paediatric Department of Emirates Hospital. That is why we have highly trained and compassionate paediatricians who specialize in delivering quality healthcare to all our patients from birth till adolescence. You are encouraged to visit our paediatricians periodically for the general check-up of your child.

Prevention is the best cure. At Emirates Hospital, we provide a complete first-class immunisation program to prevent the most complicated diseases that can be prevented.

What We Provide

If there are any unusual patterns in your child's normal behaviour, such as excessive crying or passiveness, this could be a sign that something may be wrong. We would strongly recommend that you book an appointment with our paediatricians immediately. This will help in the early diagnosis of a possible disease or medical condition and subsequently a treatment management plan can be administered.

Periodic Health Maintenance program

At Emirates Hospital Paediatric clinic, we provide a high quality extensive program directed to maintain health of your child in the best condition and also to provide individualized treatment for children starting from birth and till their adolescence.

Our Treatments Include:

- Periodic baby and child check-ups.
- Comprehensive immunization program.
- Prevention, diagnostics and treatment of chronic and acute illnesses,
- including but not limited to:
 - Obesity & overweight
 - Skeletal deformities
 - Dental services
 - Asthma
 - Bronchitis
- Fever
- Rash
- Abdominal pain
- Ear infections
- Urinary tract infections
- Dehydration

After-Hours Paediatric Services:

We understand that children don't have a schedule to get sick. That is why our paediatrics team is available during after clinic hours.

Inpatient Services:

Acutely ill children, who need urgent hospitalisation and further observation and treatment, can be admitted to our inpatient paediatric ward or high dependency unit based on their condition. Our dedicated team of doctors and medical staff will provide the highest quality care and to make sure that your child feels comfortable.

Inpatient Services Are Available For Our Patients Suffering From:

- Fever
- Breathing difficulties
- Vomiting
- Dehydration
- Urinary tract infection
- Pneumonia
- Minor head trauma
- Severe allergic reaction
- Diabetes ketoacidosis

Availing pediatric care for your little one at Emirates Healthcare gives you a true appreciation of what personal care is all about.
